PARK HILL AVENUE: A Country Road Facing the Future

MILLBURY. Park Hill Avenue is a narrow, winding, country road that meanders up Park Hill. Roads like this are the subject of New England nostalgia, but in the light of increased development, they present some significant problems. Clearview Realty Trust of Framingham is seeking definitive approval for a 113 lot subdivision on which 113 duplexes are slated to be constructed.

Although residents would prefer to see single family housing constructed, their primary objection to a development of this scale is the traffic impact. The road which begins at Rte. 146, has many sharp, almost blind curves as it climbs a steep slope up to the former Clearview Country Club, the site of the proposed development. The crest of the hill makes for a blind spot in the road both ascending and descending the hill. From there, continuing to the end of Park Hill Ave., the road is narrow and, after it crosses the Mass. Pike by way of an overpass, it enters an area of residential homes, many of which are located close to the road. Park Hill exits onto Rte. 20 at a stop light.

The road and the intersections that must be taken to access the road are the major source of concern to many of the residents of the area. At a Public Hearing and again in an interview, Robert Fisher of 24 Park Hill Ave. explained that the road has no sidewalks and narrows in places to less than 33 feet. Midway up the hill to Clearview, there is a corner. According to Fisher, in the winter it is almost blind; in the summer with the heavy growth of brush, it is absolutely blind. "My son (David Fisher of 34 Park Hill) hired someone himself to cut the brush down so we could see."

Tom and Karen Haffty of 63 Park Hill Ave., whose house is located just below the crest of the hill, have another problem. Their driveway exits onto Park Hill, but because of the crest, their driveway cannot be seen nor can they see oncoming traffic until it is almost on top of them. "When I back out," Mrs. Haffty said, "I check both ways and get into the lane as fast as I can."

Tom Haffty added, "We're concerned that the increased volume of traffic that the development will create will make the conditions even more hazardous - not only to us but to others along the road." The Haffty's went on to explain that frequently brakes can be heard as cars leaving the golf course onto Park hill have to stop abruptly to avoid being struck. "The road is dangerous as it is, but when cars speed along this back road, it becomes even more dangerous."

Residents have already noticed an increase in large truck traffic, many of which use this narrow road as a short cut to RESCO. They fear that traffic will increase even further with the completion of the waste disposal station.

Their concerns for the road itself are reasonable but arguable. What is not open to dispute is the dangerous nature of the two intersection into which Park Hill spills, namely Park Hill and Martin St. and Park Hill and Rte. 20. The vision at the intersection at Park Hill and Rte. 20 is partially blocked to the left. Cars and trucks going east cannot readily see the traffic exiting onto Rte. 20. Frequently, trucks and cars speed through the red light and though there is a delay before the light turns green for the Park Hill travelers, drivers who use the road proceed with the greatest caution because it is not at all uncommon to have a car or a truck run the light.

Drivers on Rte. 20 going west and wanting to turn from Rte.20 onto Park Hill must pause in the middle of Rte. 20 until traffic lets them pass. The traffic flow and the narrowness of that intersection make the turn a tense one. All in all, it is a troublesome intersection which Tom Haffty feels more traffic will only complicate and which because of the nature of the road cannot safely be corrected.

In a telephone interview, Eric White, a member of the Planning Board, agreed that it would be difficult to improve the road, and because Rte. 20 is a State highway, the State would have to improve the intersection.

Because of the nature of the Rte. 20 intersection, the Haffty's, like many other area residents, use the other access, Park Hill and Martin St., which offers little advantage. According to Sgt. Edward Perry, the Millbury Safety officer, there have been approximately 10 accidents at the intersection in the last six months. "That corner is a serious concern and, not being a traffic engineer, I can't think of how to correct it." Sgt. Perry has recommended to the Planning Board that they commission their own study of the intersection.

The reason why the intersection is dangerous becomes evident as soon as you approach it from any of the three directions. The engineer for Clearview Realty, at the Public Hearing, suggested that the intersection could be made safer if yellow lines were painted in the roadway to keep cars in their own lane, and if a stop sign was installed. Bob Fisher explained that the road actually narrows into one lane, thus making the yellow lines almost useless. As for the stop sign, drivers now have to proceed into the intersection to see if there is oncoming traffic. Stop signs would not alleviate that problem.

The vision at this intersection is impeded by a house immediately to the left and by the fact that cars coming up Martin St. must come up a hill. Neither car can be seen until almost in the intersection.

Eric White who was acting chairman of the Planning Board during the Public Hearing explained, "The engineers were dealing from the traffic flow point of view rather than from visibility. The problem is visibility - the house and the dip - you really can't see down Martin St." White stated that the Board and anyone who is familiar with the road is aware that the corrections suggested are not realistic and the Board wants its own study done of the problem.

Tom and Karen Haffty articulated the feelings of many of the residents. "The presentation at the Hearing was almost insulting to

MILLBURY SELECTMEN'S MEETING DIGEST

By Edward J. Cooney

JANUARY 13, 1987

Minutes for meetings in April, November, and January 6, 1987 were accepted as corrected on a 4-0 vote. Mr. Lachance was not in attendance.

- Under "Dates to Remember", Chairman Adams reminded the Board that February 10, 1987 is the date set for the Special Town Meeting.

- The Board then moved to "Old Business" and appointed Carol Burke to the Swim Committee.

- On the Resource Recovery Item, it was noted that a letter was received from Tom Cusson of the DEQE (Department of Environmental Quality Engineering), stating that tests were conducted as to the present noise levels on the site of Signal Resco. It was determined that the occasional noise generated was not in violation of DEQE regulations.

Adams indicated that a noise barrier need not be installed until conditions warranted the erection of one.

Town Administrator, Earl Chase, informed the Board that a letter had been received from the Army Corps of Engineers concerning their inspection of river bank erosion along the Blackstone River. The letter indicated that shoals located in mid-river had been a factor and could be alleviated by the Town to correct the problem.

The letter also stated that there was no Federal interest in the project at this time.

- At 7:30, a Public Hearing began on a liquor law violation at the New China Garden Restaurant on Route 146. The alleged violation took place on Sunday, December 22, 1986. Mr. Cam Sin, manager and bartender, was represented at the Hearing by Attorney Murphy.

Patrolman Wilkinson described the circumstances and events as filed in the police report. He noted that another off-duty patrolman had noticed and recognized two minors consuming beer at the bar as he was leaving the restaurant.

Officers Wilkinson and Handfield were called and went to the Restaurant to investigate.

Murphy stated that the incident was unfortunate and an isolated one and that his client thought that he had been tricked by the youngsters. "Persons of question are always carded as a matter of course" said Murphy.

"The Sins have always tried to obey the liquor laws. This situation has heightened their awareness and they fully understand the privilege of holding a license. It is unfortunate." He continued, "I ask that you take all this into consideration and rule in a manner you see appropriate."

Wilkinson then stated that he had three conversations with Sin and had the impression that he did not understand or really care. Wilkinson thought that he was nonchalant about the whole incident. He requested that the Board go further than they usually would and suspend the license for a period of seven to ten days.

Cristo inquired of Chief Brady if there were any law enforcement agencies that would provide training or assistance for understanding the liquor laws.

Brady replied, "None that I know of."

Murphy stated that his client was not nonchalant but maybe unsure as to what underage meant.

Cristo expressed his concern that there might be an inability to interpret the right age in the future.

Murphy responded that he would seek advice from other clients in regard to this problem.

Chief Brady asked one of the minors if he had his license. "Is that the one you showed them?" asked Brady. "Yes," answered the youth. Brady then passed the license around to members of the Board for their inspection.

Adams asked if there was anyone else who wished to be heard. No response was forthcoming and he then asked if there was a motion to find for a violation. Donnelly made the motion which was seconded by Cristo. The Board voted 4-0, establishing the fact that there was a violation for selling liquor to minors.

Adams noted that there was an interpretation problem on the bartender's part and that they (the owners) should get assistance.

SUTTON SELECTMEN'S WORKSHOP LOOKS AT BUILDING BOOM

By Karen Potter

Tuesday, January 13, 1987 saw the first workshop meeting of Sutton's Board of Selectmen. This style of meeting was agreed to at the Board's regularly scheduled meeting held on January 6.

A workshop differs from a regular meeting in that, although it is open to the public, neither questions nor comments from the floor are entertained. The exchange of ideas and information between board members is intended to be free-form and informal, and the interruption of this flow would be counter-productive.

Another key difference is the subject matters that are treated at the workshop meetings. Generally, only one or two issues are covered in a session. Since the discussion format is employed and none of the issues covered calls for a vote by the Board, the range of subjects is much greater than the business which is usually addressed at selectmen's meetings.

On Tuesday, the only subject on the agenda was the review of the vast number of preliminary residential development site plans already on file in the Town Hall. Using diagrams, plot plans and maps, Chairman John Reed reviewed each proposed development. He showed his fellow board members the specific locations, the layout of the developments, and their orientation in relation to existing roadways and water and sewer lines.

The Selectmen discussed some areas for concern which they feel will be a direct result of accelerated development in Sutton. Reed sees many specific potential problems should all the preliminary site plans reach the definitive stage. Among these concerns are the method of lighting the new streets, the shape and size of cul-de-sacs (shown on almost every plan), and additional highway maintenance and snow removal equipment which will be required to service all the new developments.

Selectman Wally Johnson, expressing his own sentiments, said, "The people that are buying these houses want to move to the country." Referring to the pace of growth in Sutton, he continued, "Pretty soon, it's not going to be country anymore." Frank Gatto said that the Selectmen and the Town should be prepared for the eventuality of developers who will apply for permits to build "affordable" and cluster housing. Carl Licopoli stated his view that the Selectmen's role in studying growth in Sutton "should be an ongoing process" and that the Selectmen should "watch the granting of special permits and variances very closely."

The importance of zoning (and possible rezoning) seemed to be the natural conclusion and overriding concern expressed in the evening's discussions. It was agreed that any Zoning Committee should seek an approach to evenly distribute lot sizes, to set zones for commerce, industry, and residences, and that the integrity of these zones should be maintained despite any outside influences.

The Selectmen will meet on Tuesday, January 20; this will be their second regularly scheduled meeting in 1987.

What's the Difference?

By Pat O'Leary & Larry Ham

HOW TO PLAY: The answers to the two clues rhyme and the beginning consonant sounds are switched. For example: What's the difference between a neckwear fastener and a metal pan for baked desserts? One is a TIE PIN and the other is a PIE TIN. Sound counts, not spelling.

1. Denny's male siblings and Benjamin's choice of preference?

2. A tsetse on a horned-sheep and a fellow on a raft?

A ___ on a ___ and a ___ on a ___

3. Little rodent memos and pleasant castle-trenches?

A ___ and ___

4. A sleeveless garment in a skillet and a parasite in a panel truck?

A ___ in a ___ and a ___ in a ___

9-18

ANSWERS: 1. Den's brothers and Ben's druthers. 2. A fly on a goat and a guy on a float. 3. Mice notes and nice moats. 4. A vest in a pan and a pest in a van.

SELECTMEN from Page 3

"I am concerned whether individuals can understand how our laws are written. Give us more assurances that his won't happen again. It will be difficult to tolerate a repeat of this occurrence."

Donnelly stated that he believed that they should not "get off scott free." He then offered a motion to suspend the license for three days, the penalty to be suspended and added on to any future penalties. The motion was seconded and unanimously adopted.

Adams closed the hearing by stating that the Selectmen would not tolerate any future violations.

- The meeting then turned to "Old Business" with Chase noting that the Boston Survey contract, signed by the Board last week, had been sent out to Boston. It was decided to try and get representatives to meet with the Selectmen concerning the work to be done on the Dorothy Pond Restoration Project.

- At 8:00 p.m., the Board met with Mr. Russ Bedard concerning the housing development to be built off **Millbury Ave.** behind the former Dorothy Manor School. Last week the Selectmen would not issue a permit to allow the opening of Millbury Ave. to connect into the drainage system because of potential drainage and flooding problems that might be created by additional water flow into the present system.

Bedard displayed the subdivision plan showing the layout of the project, the entrance road, and the drainage system to be installed.

Donnelly expressed concern over the connection of the project's drainage system into the Millbury Ave. system. He asked Bedard if his engineers could develop a topographical survey and water flow calculation survey coming from the project. He noted that any work that is done could have an impact on the people living near Wheelock and Millbury Avenues.

Bedard explained that the subdivision plan had already been approved by all the town boards and he further stated that he felt it was not fair to bring up the matter at this time. He noted that this was a concern that should have been taken care of in the planning stages.

Donnelly stated that if calculations showed that there would be a decrease or no significant increase in water flow then the Board would grant the permit.

Adams concurred, but no action was taken by the Board.

- At 8:15, Fire Chief Tom Nault presented his request for increases in pay rates for the Chief, Assistant Chiefs, Captain, Lieutenants, and Privates in the Fire Department. Nault explained that he was seeking salary increases of up to $3,000 for members of his Department.

The salary increases include: Chief, from $5,000 to $8,000; Assistant Chiefs from $2,000 to $3,000; Captain, from $1,300 to $1,500; Lieutenants, from $1,125 to $1,300; and Privates, from $925 to $1,125. Nault stated that the salary adjustments were requested because of the increased work load that has developed from the Latti Farm Industrial Development, Signal Resco, the enforcement of new State and Federal regulations, and the increased administrative duties required as a result of these new regulations.

He also noted that some of the assistant chiefs and lieutenants had to take on additional responsibilities in code enforcement for smoke detection, oil burner inspection, and new construction.

"The job is what you make it," said Nault. "I work 20 hours per week on Administrative duties, compared to five years ago when I only worked five or six per week. The Fire Department is better now than ever in the past because of the work put into it."

Cristo stated that he had no problems with all the adjustments requested. "I think they are fair."

Donnelly noted that Nault was doing more Administrative work than was required before. "He has to be available to do inspections, train personnel, and enforce State regulations and fire codes."

We the people...

To the Editor:

I would like to respond to a quote made by Millbury Selectman Jude Cristo which appeared in the Worcester Telegram on December 24th, 1986. The statement as printed read: "Selectman Jude Cristo stated that he thought the petitioners of the proposed articles were wasting the taxpayers money. 'Are the proponents going to keep calling special town meetings until this is passed.'"

Mr. Cristo was referring to the efforts of the Committee for a Clean and Safe Millbury who gathered up enough registered voters signatures to petition the Board of Selectmen to call a Special Town Meeting. This Committee has gone to great lengths in preparing their articles for this town meeting, which will be held February 10th at 7:00 p.m. in the Millbury High School Auditorium.

The new Articles contain wording that would put tighter and more stringent operating controls on the Signal Resco Resource Recovery Plant now under construction off of Route 20 in Millbury.

Mr. Cristo might argue that there are already state and Federal D.E.Q.E. guidelines that Signal Resco must operate under, and he is right. However, some of these guidelines and or regulations, as written, contain language that is too permissive, broad in scope, and very ambiguous and subject to misinterpretation.

The Articles, as drafted by the Committee for a Clean and Safe Millbury, are designed to give Millbury citizens some control over the safety operations of the Resource Recovery plant, to ensure that safety procedures are followed to the letter, and safety equipment monitored, especially equipment that controls the flow of airborne pollutants and particulates which are known to be carcinogens.

The Committee for a Clean and Safe Millbury has no axe to grind and nothing personal to gain. They have worked many long hours researching and preparing their articles for the Special Town Meeting. Most of the expenses that they have incurred they paid for out of their own pockets. The Committee is made up of eleven (11) concerned Millbury citizens and taxpayers. Their main concern is for the future health and welfare and safety of all the people of Millbury and surrounding communities. Yes, Mr. Cristo, you and your family as well.

Instead of chiding them, you should be commending them for their unselfish efforts and genuine concern, not just for us as adults, but for our children who will have to live with whatever legacy we leave them.

In closing, I would like to add that if the Board of Selectmen and the Board of Health had taken more time to scrutinize the wording and details for pollution controls as presented to them by Signal Resco, then this Committee would probably have not been formed.

Incidentally, if anyone is interested, check around to other municipalities who have a Signal Resco plant located in their community. I think you'd hear such complaints as unpleasant odors, litter from Signal Resco Trucks, paint peeling from houses, but more importantly the possible long term effects on their health caused by the emissions coming from the smokestacks of the Signal Resco plants.

Please remember the special town meeting to be held February 10th at 7:00 p.m. in the High School Auditorium. Please come and support this committee's efforts for a clean and safe Millbury for all of us.

Ray Bricault
East Millbury

SELECTMEN from Page 5

Adams stated that the Board would give Nault's requests consideration and would advise him of their decision.

- At 8:30 the Selectmen met with the Finance Committee, at their request.

Finance Chairman, Jerry Bleau, stated that they had received a request from the Board of Health concerning a need for $30,000 to maintain and repair equipment at the landfill. He posed the question as to whether or not the Warrant could be opened to allow an article for consideration at the Special Town Meeting on February 10th.

It was noted by Adams that they could not spend that amount of money on repairs to equipment without the money being appropriated.

After several minutes of discussion, the Board, on a motion by Gauthier, voted to open the Warrant to allow consideration of an Article for a $30,000 transfer. The vote was 3-1 with Donnelly opposed. Donnelly stated that he was concerned that this would cause a snowball effect. "We are going to rue the day," he stated.

Adams said that this was the most forthright way to do it, despite any complaints that the Board might get.

- In response to a question on the Board's opinion of the Citizen's petitioned articles, Adams stated that he had no formal position on any of the articles, but was concerned, and he noted that the Board would seek input from Town Counsel.

Gauthier stated that the Articles violate some of the contracts the Town has signed and that they (the Articles) would create a lot of confusion.

Cristo noted that these Articles did not receive support at the last town meeting. "We have contracts that address most of the issues. It is the best technology. I don't know what else we can do. We in society only have the ability to control what we can control." He continued, "Supposedly there is nothing stronger in technology available. They meet D.E.Q.E. and E.P.A. regulations."

Donnelly stated, "We have to look at the total. We are caught between a rock and a hard place."

It was noted by Adams that if the Town is going to enact by-laws a lot of thought should be given to the wording. According to Adams, "There is a need to discuss the issues, with diverse facts, by a group with the responsibility of bringing its findings to Town meeting." He continued, "Such a group should feel impartial, be knowledgeable of industry, have a consultant who is a member of a regulatory agency, and someone who can furnish the group with the legal effects of implementing such by-laws, then refer to town meeting. When small groups start writing our by-laws there will be utter confusion. The wording is not defensible in Court. It is an exercise in futility."

Mrs. Jane Jung, a member of the Finance Committee, stated that she concurred. It was her opinion that the issue raised was too narrow. "It only deals with one particular industry. We need a code of by-laws that pertains to all industry," she said.

Adams suggested that under Article I such a committee could be established. He also suggested that the Finance Committee present their motion as "other action" and present a motion to organize a committee to study the feasibility of establishing a general by-law.

Adams noted that they would have to defeat the Finance Committee's motion and present their own.

Donnelly quipped, "Put on hold to study. Bianculli won't like this."

Adams stated, "There is not enough research into these things."

Mrs. Jung asked that the Committee to be established look into the control and regulation of industries. She indicated that this was "better than harassment by citizen's groups who feel they have a justifiable cause."

Adams replied that there was a need to address the more broader needs of the community.

- In "Other Business", the Board was informed by Chase that the deed for dam rights at Ramshorn had been received.

- Chase also informed the Selectmen that a letter of interest had been received concerning the sale of the former Providence St. School property.

- Under "New Business" the Board: 1. listened to Chief Brady give information concerning parking hours in the downtown area. He noted that some discussion might be held on whether or not to change parking hours from 1-6 a.m. to 2-6 a.m.; 2. approved the bid of Athol Press for the printing of the Town's Annual Report. There were also two other bidders; 3. approved the Blue Cross/Blue Shield premium on a unanimous vote; 4. approved, unanimously, a request by Glenn Parath for unpaid leave for the purpose of attending a conference as a representative of the Executive Board of the A.F.L.

HERE . . . THERE . . . EVERYWHERE
Bits 'n Pieces
. . . Joe Morin

GOOD EVENING Mr. and Mrs. America - and all the ships at sea. Let's go to press - "FLASH!"

A lot of people are still wondering what has happened to the $15 million that was raised with the "Hands Across America" fiasco they held quite a while ago!...Those in charge have said that it takes time to make plans and to find those who really need this dough. How much you wanna bet that they will deduct $14 million for administrative expenses!

THE CHRISTMAS STAR is gone, the creche has been put away, the gifts have to be paid for now. The Spirit of Christmas, love, sharing and caring, all part of Christmas...is that put away also? We hope not.

A TRILLION dollars. Can anyone of us comprehend that huge sum? I certainly cannot and there are many more out there who feel the same way. Let's try. If, during the time of Christ there was a box containing a trillion dollars, a person would be able to spend a million dollars a day up to now and still have 750 years more to spend the remainder at a million dollars a day. Now, friend, that's a trillion.

WE JUST HEARD THIS. Apropos the storm going on outside, there are three people out there smiling: the oil man, the snow plow operators, and the kid with a shovel out to make a few bucks. Hey, why not. Somebody has to do it.

ON THE FUNNY SIDE of things. Stopping by the fridge to pick up the cream pitcher...poured the cream into the coffee...looked kind of lumpy, thought it was sour. Nay, nay. Mom had put some leftover creamed corn in the cream pitcher. Mom, that's a no-no.

THE STEAK house at the Auburn Mall must have changed hands. There are plastic tablecloths now being used. The salads only contain lettuce now, nothing else. 'Taint the same like it used to be. Everybody is cutting back! But, when one cuts back too much, the results could be drastic.

ON THE SPORTS SCENE...Rich Gedman of the Sox turned down $2.6 million, saying he was worth more than that. Rich, don't be greedy. It's possible that you aren't worth that much. But, I guess since baseball, football, and basketball are businesses today and not sports, they have the right to haggle, to bargain and get all they can. In the long run the fans will have to foot the bill, as usual. ON THE LIGHTER side of sports: All you wrestling fans out there, did you hear that George the Animal Steele kidnapped Elizabeth from the Macho Man? Yupp. We'll keep you posted on the development, ha-ha.

HERE AND THERE...Here they come. We're talking about the new breed of roaches that are coming up from Florida. These babies have wings, so they will do a lot of traveling. Get the ray gun ready. Pow!...NO RUNS, NO DRIPS, NO SAGS! We're referring to a new Japanese product soon to be on the market whereas the young ladies will be able to "spray-on" nylons/hosiery, any color! But what happens when they get an itch and start scratching. Won't that leave some kind of a run-look? Good Grief!...HARRY TRUMAN once said "A politician who leaves office broke, didn't do his job right". Now I didn't say that, Harry did...COLUMBUS set out for India, traveled for ten weeks and wound up in North America, a feat never since equalled, except by some items mailed via the U.S. Postal Service.

RELIGIOUS NEWS...Oral Roberts just made an announcement that he had a vision, and the Lord told him that if he didn't raise $8 million for his medical school that He (the Lord) will take him home by March of this year...no comment...A little snow and they cancel CCD classes. I bet if that Springsteen guy was at the Centrum the kids would walk, or crawl if they had to, snow, sleet or rain they would make it there...FIRST CLASS ding-a-ling. That priest in Jersey who told the kids there is no such thing as Santa Claus, St. Nick, etc. What a sad childhood he must have had.

GOLD CHAINS...There are so many gold chains, bracelets, etc., being sold in the market place that they are now selling them by the yard. Let the buyer beware of what he or she is buying. I didn't know that the Cable Industry has been deregulated and may now charge whatever they want to cable subscribers. Some guy in Boston was complaining that his bill was too high. He was paying $2.00 per month basic, now they increased it to $6.00 per month. Really, at that price it's not bad at all. We in the Millbury area will be going up another $1.00. But let's not make it a habit in these price increases...THEY WENT through hell. The clerks and clerkettes who waited on us during the Christmas season. Let's face it. they had to put up with a lot of aggravation, agitation from many of us who were always impatient, in a hurry, and wanted to get waited on right away. They deserve a thank you and a pat on the

By Rosemary Waltos

FEBRUARY HIGHLIGHTS

FEBRUARY 3: 10-11:30 - Dinner at Homesick Restaurant. Join us for coffee, tea and a lively discussion of Anne Tyler's bestselling and critically acclaimed book. If you haven't read this great book, copies are available at the Library. Anne Tyler is the author of the 1985-86 bestseller, Accidental Tourist.

FEBRUARY 3, 10, 24: 3:30 - 4:30 - GRAF-X. A one hour introduction to the graphics capabilities of the Apple Mouse. Upon satisfactorily completing a short test, "Graft-X X-perts" may reserve time on the Apple computer to develop their own designs. For those in grades three and up. Registration a must.

FEBRUARY 4: 7:00-8:00 - Friends of the Millbury Public Library meeting. Join the Friends in supporting the Library. New members more than welcome.

FEBRUARY 5: 7:00 - 8:30 - Tax Exempt Securities. It's an evening of money talk. Shawmut Worcester County Bank's investment officer, Michael S. Zalansky, will present an enlightening look at municipal tax exempt securities, highlighting what's available and how to invest in order to receive tax free income. Issues regarding new tax reform will be covered. Questions welcomed!

FEBRUARY 6, 13, 20 & 27: 3:00 - 6:00 - Free Tax Assistance. Every Friday throughout tax season, a tax assistant from the American Association of Retired Persons will be available to give free tax assistance. Everyone is welcome, but senior citizens will have preference. Call ahead for an appointment.

FEBRUARY 19: 7:00 - 8:30 - Financial Planning. If you missed this presentation in January, here's your chance again. Edward J. Conner, Sen. Financial Management Officer from Shawmut Worcester County Bank, will discuss various aspects of financial planning with special emphasis on wills, trusts, joint ownership, etc. An important discussion no matter what age you are. Questions more than welcome.

FEBRUARY 25: 3:30- 4:30 - 4-H Babysitting Course. This course is offered once a year to children ten years and up. Subjects covered include first aid, safety, nutrition, and child development. Completion certificates are awarded at the end of this seven week course. Sessions are held on Tuesday with the course ending in April. Registration starts February 11.

ALSO IN FEBRUARY: Story Hour. A program of stories, games, songs and crafts for your favorite preschooler. Designed to help children develop a love of books. This is a seven week program that ends in April. Registration a must. Story Hour is offered every Tuesday and Thursday from 10:30 to 11:30.

EVERY PICTURE TELLS A STORY. Teens in grades seven through twelve are invited to participate in March '87 Youth Art Month, by submitting a drawing or painting that tells their story. Art work must be submitted on 8 1/2 x 11 inch paper. Six participants will be chosen to transfer their picture to one of the Library meeting room's six 3' x 3' windows. Selections will be based on imagination, creativity and simplicity of design. Art work must be submitted to the Library by Saturday, February 28.

There's a lot of activity planned for February at the Millbury Public Library. To help you sort through it, we put together our February calendar that includes hints of what's to come in March. We hope that you'll remember to clip this calendar out of the paper and hang it on your refrigerator, kitchen cabinet door, next to your phone, or on your bathroom mirror. Just don't forget to visit us in February.

PARENTING WORKSHOPS OFFERED AT MIDDLE SCHOOL

MILLBURY. Improving family life through positive parenting methods will be the focus of a series of discussion sessions to be offered by Linda Oroszko, School Psychologist for the Millbury School Department.

The discussion group will meet on Tuesday evenings at 7:00 p.m. in the Library of the Raymond E. Shaw Memorial Middle School. Dates for sessions are as follows: January 27th, February 3rd, 10th and 24th. Parents of children in the Middle School are invited to attend. You may attend one, two, three or all four sessions.

The sessions are designed to give parents a chance to share views and discover alternate ways to handle typical, everyday parenting issues. Topics suggested by parents in previous workshops include: giving allowances, dress codes, what to expect in adolescence, sibling jealousy, and dealing with children's fears.

There is no charge for participation but parents are asked to register in advance. Flyers have been sent home with Middle School students for registration. You may also register or get additional information by calling Linda Oroszko at 865-5341.

TASK FORCE MEETING

MILLBURY. The Millbury Assessment Task Force will be meeting in the High School Library at 8:30 p.m. on Wednesday, January 28th. The purpose of the meeting is to discuss with the School Committee and other interested parents or residents, the recent assessment scores. This will be an open meeting and interested parents and residents are invited to make their comments known to the Task Force.

HISTORICAL SOCIETY FEATURES EXHIBITS

MILLBURY. Two very interesting exhibits have been arranged in the Millbury Historical Society's display cases in the Town Hall.

One consists of items made of tin. These include a pierced lantern, an early cookie cutter, pill box, an army canteen, circa Civil War period, a tin cane from President William McKinley's campaign, a fishmonger's horn, and a single candle mold (this is an unusual piece since most molds were multiple).

In the other case are bells from various countries including India, Germany, Switzerland, England, China, and Japan. There are elephant, camel, and figurine bells, plus a selection of other types.

These items have been loaned by members of the Society.

ASSUMPTION SCHOOL NEWS

By Grace Laflash

Rita Comeau's 8th Grade, and Mary Fuller's 7th Grade, viewed a film about the Philippines. Following the film, Sister Cecelia discussed the government of that country and the poverty that exists in specific areas.

The Junior High also participated in a cheese fund raiser. Top salespersons were: Lisa Parella and Robert Belsito, Grade 8; Brian Lewos and Eloise Thibault, Grade 7. They received gift certificates to McDonald's.

In gratitude for such excellent cooperation, their teachers planned a trip to the Worcester Art Museum. After the tour, they had lunch at McDonald's.

THANK YOU

I would like to thank all those who were so kind and thoughtful while I was in the hospital. The flowers, visits, get well cards, and especially the prayers for a successful operation and a speedy recovery were greatly appreciated.

I would also like to thank those who expressed their sympathies for the great loss I suffered when my mother passed away on December 31, 1986, at the age of eighty-seven. May God bless you all.

SUTTON SCHOOL COMMITTEE APPOINTS DEPARTMENT HEADS

By Paula Ducharme

On the evening of January 12th, the Sutton School Committee held its first meeting of 1987. Attending the meeting were Gordon Spence, Andrew Smith, Anne Fox, Glen Anderson, Elizabeth Bacon, Susan Horne, and Edward Grant.

Amid the excitement and exuberance over the design plans for the new school, the Committee attended to its proposed business.

The Committee, with the recommendation of Superintendent Spence, voted to approve the following department head positions:

Linda D. White, Business Department; Beverly Johnson, English Department; Anne T. Keegan, Foreign Languages; Jane Murdock, Mathematics; William Brosnihan, Social Studies; and Joyce Ettamarna, Science.

The resignations of the Elementary School library clerk, Mabel Howard, and teacher Lynn Gaskell, were also accepted.

The appointments of Kathleen and Stephen Romasco to instruct the Saturday morning Biddy Basketball program were approved. The program is newly developed and includes ages 6-12. It is scheduled to run from January 3 through March 28.

Also discussed was the preliminary budget for fiscal 1988. Spence expressed the difficulty in accurately preparing such a budget due to fluctuating costs, such as fuel, and the change in salaries due to upcoming contract negotiations. Teacher salaries represent about 75% of the total budget. Spence stated that he is hopeful that projections will be able to be made on a 3 year basis to help stabilize the budget.

After further comments on the structure and needs of the proposed school building plan, the open discussion of the School Committee meeting came to a close. Joined by Attorney Michael Long, the Committee moved into Executive Session to discuss upcoming negotiations with the Sutton Teacher's Association.

GIRL SCOUTS CELEBRATE 75 YEARS OF SERVICE

Did you know that the Girl Scouts are 75 years old in 1987?

To kick off the celebration, there will be a national "Promise Circle" event. Girl Scouts world-wide will take part in this event.

Can you picture it? Thousands of Girl Scouts, present and past, all saying the Girl Scout Promise? That's what the Promise Circle will be - girls and adults in 50 states and in troops on foreign soil, all saying the Promise at 4:00 p.m. creating a world-wide circle of Promise as it passes from time zone to time zone. What a kickoff for the 75th Anniversary.

The Girl Scouts of SUTTON ask you to join us on Thursday, March 12, at 3:00 p.m. on the Town Common. We urge all present and past scouts to come and join in the fun. Special "Promise Circle" buttons will be given to all who participate.

Any planning on attending is asked to contact Deb Moore at 865-3210 or Sandy Warfield at 865-9602 by February 1st.

ASBESTOS REMOVAL LEGISLATION BECOMES LAW

UXBRIDGE. Following a three year legislative effort, legislation co-sponsored by Representative Richard T. Moore (D-Uxbridge) to protect those persons involved with the removal, containment or encapsulation of asbestos or asbestos materials has become law.

Rep. Moore explained that the bill is necessary for the protection and health of those persons involved in this type of work. "Mesothelioma, a cancer that is caused only by exposure to asbestos, as well as related diseases, are often not evident until 20-25 years after the individual has been exposed," according to the Uxbridge lawmaker. "By passage of this legislation," Moore stated, "we can be sure that the incidences of these diseases will diminish and hopefully disappear since workers will now undergo specific training education, will be fitted with proper respirators and equipment, and will be certified as to meeting state rules and regulations." Companies that bid on public works projects will now be required to hold valid licenses, and they will be closely monitored by state agencies. Severe fines and penalties will now exist for violations.

Additionally, there is a new federal law that requires all asbestos work that is undertaken in the schools to be done by licensed and trained workers. For those states that do not have licensing programs, out-of-state contractors would have to be hired. Enactment of this law guarantees the continued employment of several thousand Massachusetts workers. Secretary of Labor, Paul J. Eustace stated that Rep. Moore's "role as a legislator who labored on behalf of this legislation was vital, and clearly the enactment of the bill would not have happened without his efforts."

DEADLINE FOR ALL SUBMISSIONS TO THE MILLBURY–SUTTON CHRONICLE IS 12:00 NOON ON SATURDAY OF THE WEEK PRIOR TO PUBLICATION.

HIGH SCHOOL DIALOGUE

By Roger Desrosiers

REPORT CARDS

Report cards for the second quarter will be issued on Monday, January 26 at the High School. They will be due back on Thursday, January 29.

PLANNING AHEAD

On Saturday, January 31, the Ski Club will sponsor a dance. Profits will be used toward a ski trip in February.

Winter Carnival will soon be here. In order to promote school spirit, each year prior to the February vacation, the students take part in class competitions. In the past, activities have included tug of war, foul shooting, volleyball, obstacle course, floor hockey, snow sculptures (when possible - it looks good for this year), murals, skits, class songs, and more. Grade 8 students are divided into two teams and they compete against each other. There will be more to come.

SPORTS

BASKETBALL

FRIDAY, JANUARY 23: Boys vs. Northbridge (A); Girls vs. Northbridge (H) at 3:15; 8th Grade vs. Northbridge (A) at 3:15

TUESDAY, JANUARY 27: Boys vs. David Prouty (A)

MONDAY, JANUARY 26: Girls vs. David Prouty (H) at 6:15

THURSDAY, JANUARY 29: 8th Grade vs. Bartlett (H) at 3:15

All Boys JV games begin at 6:15 and the Boys Varsity games follow around 7:30. Similarly, Girls JV games precede the Girls Varsity games.

WINTER TRACK

SATURDAY, JANUARY 24: League meet at South High at 8:30 a.m.

The following article was written by Mrs. Donna Saucier, a member of the Business Department at the High School. She has taught at Millbury High for twelve years. She received her undergraduate degree from the University of Connecticut and her Master's Degree from Assumption College. She and the other members of the Department, Ms. Linda Magnuson, Department Chairperson, and Mrs. Kathy Ducat, have worked hard to up-date the equipment and offerings at MHS.

EXCELLENT EQUIPMENT AT MHS

How many people outside the high school know about the equipment in the Business Department? Probably very few.

The Business Department has all the up-to-date equipment used in today's office--and more! In Room 209 alone, we have 18 enhanced Apple IIes, 7 Macintosh computers with external drive (512K), 2 imagewriter printers, 2 letter-quality daisywheel printers, and 5 epson printers. Recently our Apple IIs were enhanced to increase their capacity to 128K. Furthermore, we have all the current software packages to use on this equipment--including jazz, Appleworks, Applewriter, and Visicalc.

Students taking our courses are prepared for the automated office and for the demands made upon them in college--whether or not they go into a business program. Recent MHS graduates at Boston University and Boston College returned telling about their college experiences. The student at BU applies her word processing skills acquired at MHS to a part-time job at the college. At BC, Business majors are required to take a course on the MAC computer.

At Nichols College and other institutions, accounting and finance students use Visicalc and similar spreadsheet programs for their accounting problems. Next year students at Nichols will be required to purchase their own personal computer for this and other related activities.

Students graduating from our department can, and have, obtained jobs in the areas of Word processing, entry-level accounting, banking, secretarial, and other office related jobs. Our students are ready to meet the demands and challenges of an ever-changing high-tech world.

REGISTRATION FOR MEN'S WINTER BASKETBALL

MILLBURY. The Millbury Parks and Recreation Commission will hold registration for its Men's Winter Basketball League on January 28 and February 4, from 6:30 to 7:30 p.m. at the Municipal Office Building. Registration fee will be $10.00 per person.

This year there will be a new division; men 30 years of age and older will have their own league. The games will be played on Tuesday and Thursday evenings at the Middle School gym beginning February 24, and will run for six weeks.

This league is for Millbury residents only. The regular league is for high school graduates and older.

AROUN' THE TOWN AND GOLDEN AGERS UPDATE

By Lillian C. Sheehan

CENTERVIEW APARTMENTS

Welcome home Ida M. Taylor and Ann Ethier from St. Vincent's Hospital. We are happy that both are recuperating nicely at home. Keep up the good work.

Bingo had to be postponed because of illness. Hopefully things will clear up so all activities can be resumed. The Whist party the first Wednesday of the month, and Bingo on the following Wednesdays, are pleasant socials with refreshments, prizes, and good fellowship.

GOLDEN AGE CLUB NEWS

Things were at a standstill after the holidays, but they are rapidly shaping up. Jake and Doris Army are in charge of a trip to Canada. The price of the trip ($244.00) includes luxury accommodations in Ottawa, six meals (3 breakfasts, 1 luncheon, 2 dinners), Rideau Canal Cruise, escorted sightseeing tour of Ottawa, the Canadian Capital City, where you will see the changing of the guard, and the largest display of tulips on the North American Continent. You will have the services of a tour guide, all baggage fees and taxes, and of course, your round trip motorcoach transportation in a clean comfortable bus. This tour is scheduled for May 11, to May 14. A deposit of $50 is required with your reservation and the balance as soon after as possible. A deadline date for final payment will be published later.

Also in the offing, Jake will again run two trips to the races in Plainfield. This is always a "fun day" out and the cost and exact dates will be announced later. The price always includes your transportation, admittance fee, complimentary drink and dinner.

Mary Briddon will also be running another trip to the Coachlite Theater featuring the popular show, "Pal Joey". This will take place the latter part of April. The exact date and price will be published in the near future - something for you to think about.

It was unanimously voted at a recent meeting to close the membership for the present time since the total members are now up to 257. President Alfred Bazin urges more members to stay after the business meeting to play Whist which is the second and fourth Tuesdays of the month, and Bingo which is played on the first and third Tuesdays of the month.

PLEASE NOTE: Cancellation of meetings in stormy weather will be broadcast over radio stations WTAG and WNEB.

Two Golden Age members who are ill and would welcome cards are Anita Whiterall, who had surgery on her shoulder and is now at home recuperating, and Leonard O'Rourke, who was operated on and is still a patient at St. Vincent's hospital. Our best wishes to them and any other member whom we have not heard about.

A speedy recovery is wished Emma Crepeau of the Colonial apartments who is a patient at St. Vincent's Hospital.

SUTTON SENIOR NEWS

MENU

Friday, January 23: Barbecued Chicken.
Tuesday, January 27: Armenian Day.
Wednesday, January 28: Hot Turkey Sandwich.

INCOME TAXES

On February 6 and February 13, from 12:30 to 3:00 p.m., help on income taxes is available at the Senior Center. An appointment must be made by calling 865-9798.

OPEN HOUSE

The Sutton Elders' Friends Club will have a Valentine's Day theme open house for the people of Sutton on Tuesday, February 10 from 1-3. Refreshments will be served and door prizes will be given out. Everyone, elderly and young alike, is invited. Remember, you don't have to be elderly to become a "Friend". The younger people can join the "Friends" to help support the Elders' programs.

CHORE PERSON PROGRAM

The chore person program is still in effect. If you have any jobs that high school students can perform and you are unable to do them yourselves, call 865-1602 for help.

FUEL ASSISTANCE APPLICATIONS

We will stop taking applications on February 13. If anyone wants to sign up after this date, they must go to another intake site which WCAC will designate.

ABUSED PUPPY NEEDS HOME

MILLBURY. Abused 3 month old female Collie needs special people to give her a loving home. A real love once she knows you and knows you aren't going to hurt her. Please Call 865-4053. The Millbury Dog Officer has other dogs looking for a home.

BURNING PERMIT

MILLBURY. Starting January 17th. Burning Permits will be available at Fire Headquarters on Elm Street from 9:00 a.m. to 1:00 p.m. SATURDAYS ONLY.

PARK HILL from Page 1

The intersection of Park Hill Avenue and Martin Street where 10 accidents have occured in the past six months.

the residents of the street. To say that yellow lines and stop signs would make this road safe for another 1,700 cars per day and expect us to believe that either is an insult to our intelligence or shows that the developer isn't interested in the safety of the residents of Park Hill. If they were talking about safety for Park Hill, they'd be talking about sidewalks and solutions other than yellow lines to decrease the hazards - superficial solutions to a serious problem."

KNOW IT ALL.

Take a First Aid class with the American Red Cross. We'll teach you what you need to know to save someone you love...from choking, bleeding or dozens of other life threatening emergencies. Call your chapter of the American Red Cross today. And know it all.
